WORK EXPERIENCE & INVOLVEMENT

Laureate & Scholarship Peer Mentor — Leadership Development

The Duke of Edinburgh's International Award | November 2023 – Present | Remote

- Achieved the prestigious Gold Level, demonstrating long-term leadership, resilience, and service.
- Mentored student cohorts through award milestones and coordinated regional community service projects.

Global Ambassador — Technology Advocacy

Human AI | April 2023 – April 2024 | Remote

- Represented the organization to advocate for ethical AI deployment and youth digital literacy.
- Led community workshops on data privacy awareness and drove engagement across regional tech hubs.

Co-Initiator — Sustainable Resource Management

NYADIS / OMLA Community | May 2023 – August 2024 | Remote

- Co-launched the SinFa Water Project to improve clean drinking water access in rural communities.
- Directed data-tracking workflows to monitor water resource indicators and evaluate local impact metrics.

Incubator Fellow — Venture Scaling

FAST – Cohort 3 IDEA | Ongoing | Cotonou, Benin

- Selected for the elite Fund for Alumni Startups in Transition (FAST) incubator, Mastercard Foundation.
- Collaborating with cross-functional teams to scale digital tools into market-ready applications.

PROJECTS & HACKATHONS

JSTIM Hackathon — 1st Place National Winner

- Formed and led a 3-member team to pitch an intelligent labor market tracking solution.
- Coordinated the project roadmap from ideation to prototype under the Abdoulaye Bio-Tchane Innovation Prize.

Fiscathon — 1st Place National Winner

- Co-designed and pitched an automated tax forecasting application with an integrated conversational helper.

EDUCATION

B.Sc. in Computer Science (Software Engineering)

University of Abomey Calavi – IFRI | August 2021 – March 2025

GPA: 14.54/20 ("Mention: Bien" – Equivalent to Upper Second-Class Honors) | Mastercard Foundation Scholars Program Fully-Funded Recipient
